

Top UK Cyber Security Events for 2019

If you're looking to attend cyber security industry events this year, it's important to know which ones to focus on for the purpose of your visit. Some assist with skill development and industry insights, others are beneficial for networking.

Events cost time and money for a company, so it is important to attend only those which suit your needs and those which are high quality. With over 20 years experience within the industry, we have attended our fair share of

events within the UK and have gained a little insight into those worth visiting.

See below for our top 6 cyber security events of 2019.

infosecurity

EUROPE
